

Architect

Location: Beijing

Starting date: ASAP

About the Company:

Our client is an international architectural design firm including expertise in the fields of urban design, interior design and engineering services. Our client has designed and built projects in numerous countries, and has branches in Europe and Asia.

Mission:

- Interaction with clients, meetings and presentations;
- Working with Senior Designer / Design Director / Project Manager on conceptual designs, space planning, presentations, design development, and production;
- Monitoring and guiding junior designers when necessary;
- Coordination with technical team in France;
- Participation in business development effort when necessary;

Requirements:

- You are a globally-minded individual with a proactive, positive attitude. You have an excellent academic background (BArch/Mas Degree or equivalent required).
- You have worked for at least 3 years in international architecture firms, and have succeeded as core member to complex large-scale mixed-use, exhibition center, cultural, or hospitality projects through all stages of design.
- You combine strong aesthetic design sensitivity with technical knowledge and are a clear communicator.
- You articulate your ideas and concepts precisely, comprehensibly, and in a graphically engaging way.
- You have working knowledge of architectural drawing and detailing, and demonstrate clear understanding of building systems and materials as well as practice and industry standards and codes.
