

HR Manager

Company

Our client, as a pioneer and the Number 1 in France since 1996 in the barcode labelling sector, the company is today a major player and has been working on a long-term basis with the internationally distributed big names of the French fashion industry.

The group and its International network, owned in its own right by the parent company, provides its textile and ready-to-wear sector clients with a complete range of customized services and solutions for tagging and protection at source.

As a creator of solutions in the textile and fashion industries, the company guides their clients through to the completion of the clients' labelling, anti-theft tagging and packaging projects.
