

Decoration Pole Manager

Our member is the buying office of a retail chain with 240 stores in France. The 65 members of the team organize the Asian importation in collaboration with the French purchasing department whose Category Managers are divided into 3 poles.

- As part of the strategic plan, the Pole Manager must propose and achieve the "business" objectives (purchasing gain, new products selection of the best suppliers ...) and the "service" objectives (service rate, time to market, quality compliance ...)
- Must propose corrections throughout the year if the objectives are not achieved.
- Must establish a constructive and efficient relationship with all external and internal actors (category team).
- Oversee the animation and the development of his team in the respect of the values of the group.

Team Missions

- Product **sourcing** in Asia
- Prospection and selection of **new suppliers** through fairs, study trips, research on the internet, studies etc ...
- **Supplier portfolio animation and the management**
- **Quality and ethics**
- **Order follow up**
- Team **key indicators**: purchase gains, new products, service rates, time to market, quality level and proposal of action plans to improve business and service performance
- Manage a team of 9 people

Profile

- Proven experience in the same type of activity, in the non-food products sector (home-decoration, furniture or Home Utilites) and in an international environment for 3 years
- Graduated from a degree in business, French as mother tongue, fluent in English

Salary Range: 15000-20000 RMB gross per month + bonus according to performance
