

Corporate Finance Senior Consultant

Company

A corporate law firm specializing in operations in China.

Our client is corporate lawyers based in China. Their team is composed of Chinese and internationally qualified attorneys. This law firm has been approved by the Ministry of Justice in China and they work with an international network of trusted partners.

Local approach with international standards.

All members of their team have trained in international law firms and are familiar with cross-border transactions. They work as a bicultural team to provide efficient solutions that navigate complex legal environments around the world. Their true added value lies in managing complex transactions in a constantly changing legal and business environment. They are solution-driven entrepreneurs.

They are entrepreneurs providing solutions that actually work.

Their experience allows them to fully understand the legal implications of doing business in China. They are in a position to help evaluate risk level and propose pragmatic solutions. They apply a creative approach to China problem-solving and retain a “boutique” spirit.
