

IP Paralegal

Location: Guangzhou

Sector: Law

Starting date: ASAP

ABOUT THE COMPANY

Our client is an international law firm providing a full service to clients worldwide. Committed to delivering first-class legal advice and a partner-led service. It is well known for its technical excellence, creative thinking and single team approach. Its broad client base spans everything from listed companies to SMEs and multi-national corporations to financial institutions and hundreds of public sector organizations.

MISSIONS

Operating as part of the team, the China office's IP team advises across the full spectrum of IP advice. The team is cohesive, supportive and both with clients and team members highly responsive and focused on obtaining the best outcome. The team's spread of work is broad (including patent, trademark and copyright litigation and enforcement) and the team has proven that it has the sectoral and international expertise to attract work of the highest quality.

- Key sectors for the team are advanced engineering, health and life sciences, technology and manufacturing.
- Internationally the team works closely with the UK and Canadian offices as well as other international offices. The team members being regular visitors to each jurisdiction.

The business of the team is growing, and our client is looking for graduate students with great potential to join them and assist them in delivering the very best client experience. You will work with the director/partners and senior associates across the range of IP work-types and you will have the opportunity to develop your own business development initiatives and improve your professional skills.

RESPONSABILITIES

To assist the team of IP lawyers in a wide spectrum of contentious and non-contentious IP strategies in China - principally patent, trademark and copyright enforcement strategies, with focus on internet monitoring and take downs.
