

OS Software Developer (Android)

Location: Shenzhen

Sector: IT

Starting date: ASAP

ABOUT THE COMPANY

For 10 years now, our client has been offering a mobile software and hardware solution for transport, payment and identity, enabling companies to deploy their business applications in the field from a secure SaaS platform. To meet the growing challenges of digital security, our client provides companies with robust technology dedicated to protecting their data. In 2019, our client generated 80% of its revenue outside France; the company currently has 1,400 customers in 50 countries, including 30 in Africa. Among them are the United Nations, Orange, SNCF, HID, Vodacom, Keolis, WeChat, Alipay and FDJ.

But that's not all! Our client has also committed and motivated teams in all their offices in France (Paris and Rennes), Belgium (Brussels and Liège), China (Shenzhen) and Africa (Abidjan and Nairobi).

MISSIONS

Our client is working to find new and better ways to help businesses succeed on their own terms—and they are looking for people like you to help shape tomorrow at the company!
