

Financial Controller

Location: Beijing

Starting date: ASAP

About the Company:

For more than a hundred years, our client has been acting to deliver essential services that protect and improve the quality of life. To enable its customers to provide access to environmental protection treatment services, with resilient and innovative solutions.

Our client is seeking a Greater China Financial Controller for the Infrastructure Business Line ("BL"), based in Beijing.

Mission:

- Reporting to the Head of Financial Control Asia and responsible for all financial related matters in the BL
- Lead and develop the controlling team in Beijing and coordinate with the other Business Unit teams for technical expertise (tax, financing, modelling) based in Hong Kong & Shanghai
- As business partner providing strong support in all aspect of the business from the strategy, business development to the execution of the contracts

Main duties:

- Coordinate and manage with maximum efficiency and minimum risk all finance matters on the BL perimeter
- Manage, optimize, and secure budget and forecast processes.
- Develop, promote, and manage the adequate cost control.
- Report the financial situation of the BL, including financial risks on project, monthly.
- Monitor and follow-up all action plans to successfully deliver the ambition
- Ensure the implementation of the Group policies
- Support the BL Management team as a true business partner
